Emergency Contact Information

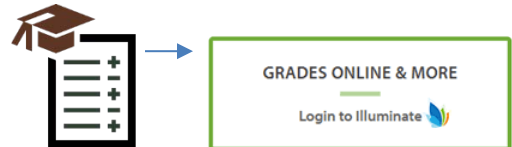

Morongo USD now requires that parents review and update their child's contact and medical information at least annually through our online website portal called Illuminate HomeConnect. This information is used to produce *Emergency Cards*, which are used by school staff to keep your child safe and notify you in the event of a school emergency.

This portal also allows parents to maintain contact with their child's school and monitor their student's participation, attendance, and performance.

Please take a moment right now to update your contact information using the following instructions:

Go to www.morongousd.com

- **Select Grades Online and Login to Illuminate**
 - Enter in the email address you used to register
 - Enter your password
 - Click **Login** and continue.
- You should then be re-directed to your student's records
- Click on **Forms** and open the Family Record Card

Please contact your school's front office for help if you have any difficulty accessing your portal or have not yet registered for a portal. If you have questions about your child's progress in class, please contact your child's teacher.

We appreciate your partnership and hope you find this to be a valuable resource as we work together to ensure your child's success in school.
