

Library Book/Textbook Check-out Permission Slip

Library Rules:

- Keep all food and drink away from books. When books are taken home, be sure to store them in a safe place.
- Students may check out two books at a time, for up to two weeks. If you return your books earlier, you may check out new ones.
- Students who do not return their books will not be allowed to check out again until all books are paid for or returned. If a book becomes 30 days or more overdue, a student’s report card will be held.
- Parents may elect to not allow their student to check out library books. If the parent decides that they do NOT want their child to check out, please check the box below. However, please note that parents are still responsible for all textbooks.

Textbook Info:

Students are provided textbooks free of charge, but they are then responsible for the care of the books they receive. If a student’s textbook is lost or stolen, it is the student/parent’s responsibility to pay for the replacement of that book.

Textbook replacement prices:
