GOALS AND OBJECTIVES

Upon graduation from high school, I plan to *(talk about your plans, if you plan on working while going to school, which school(s) you plan on attending or a progression of schools and degrees)*. During this time, I will complete by general education courses and begin study in my major field of Business.

After achieving my Associates (AA) degree, I plan to continue my studies at the University of Southern California (USC) in Business Administration with a minor in Psychology and obtain my Bachelor’s (BS) degree.

My educational interests have always been in the business field. I have interned at a local real estate office and have learned various office skills and acquired valuable business experience during high school. I feel that USC offers an academic life full of opportunities including a strong emphasis on lifetime learning.

Along with all my endeavors previously stated, I feel I have a financial need for this scholarship as well. I hope you will consider me for this fine award.

Sincerely,
